GOBESHONA3 OUTPUTS

PARTICIPANTS' FEEDBACK

Sessions where **YOUTH** will present their understanding on climate change could be included

Invite the most **VULNERABLE COUNTRY** representatives in one session

A **FIELD TRIP** for internationals would help us emphasize the forefront community

Arrangement of **ROUND GROUP DISCUSSIONS** of 6/7 people could open up ideas

It's a great platform for **YOUNG RESEARCHERS** to make **RESEARCH INTO USE**

REGIONAL GOBESHONA conference after every 4 years would enhance the network

PARTICIPANTS RECOMMENDATIONS

- **Build stronger connections** between researchers and government/policymakers
- Opportunities and training for **effectively communicating** knowledge and research
- **Learn** existing adaptation strategies
- **Plan** long-term strategies for climate change in development efforts
- **Create** a loss and damage inventory/database & **devise** methodologies to identify/define loss and damage
- **Create discussions** around not achieving 1.5C
- **Increase** urban (Dhaka) research on climate change and resilience
- **Build** government support for mental health, esp. post-disaster

GOBESHONA3 COMMITMENTS

- LDC Universities Consortium on Climate Change (LUCCC)
- Universities Network on Climate Capacity (NUCC)
- Research Master Plan for Climate Change, Environment and Forests
- National Mechanism on Loss and Damage (scoping to pilot phase)
- Climate finance transparency initiative
- Research project on Climate Change and Disabled in Bangladesh and Kenya

THE FULL TEAM OF GOBESHONA3

International Conference on SUSTAINABLE DEVELOPMENT

SUSTAINABILITY is the challenge of the day

UNITED INTERNATIONAL UNIVERSITY

16–18 February 2017

UIU, Dhanmondi, Dhaka, Bangladesh
